### **The International Sculpture Center Welcomes New Board Member, Fisher Stolz**

The International Sculpture Center (ISC), a global nonprofit arts service organization, announced the addition of Fisher Stolz to the ISC Board of Trustees.

Fisher Stolz is a sculptor creating work in stainless steel, cast metals and carved stone. Frequently these materials are used in combination to make sculptures that range from interior pieces through large-scale public works.

“Fisher is an outstanding educator in addition to his numerous public sculpture commissions,” says ISC Secretary Doug Schatz. “He is dedicated to the field of sculpture I look forward to working with him on our Board.”

Fisher received his MFA from the University of Georgia and has studied and taught sculpture in Italy. He lives in Illinois where he is a tenured professor at Bradley University.

Fisher is welcomed by ISC's Board leadership members Ree Kaneko (Chair) of KANEKO, Doug Schatz (Secretary) of SUNY Potsdam, Prescott Muir (Treasurer) of Prescott Muir Architects, and 18 other dedicated members of the ISC governing body, eager to champion the ISC mission, oversee ISC activities, and ensure that the organization is well-equipped to fulfill its mission.

The **International Sculpture Center (ISC)** is a member-supported, non-profit organization founded in 1960 to advance the creation and understanding of sculpture and its unique and vital contribution to society. ISC programming includes awards to lifetime and student sculptors and patrons and educators, *ISConnects*, the web site [www.sculpture.org](http://www.sculpture.org), conferences and symposia, publication of *Sculpture* magazine and ISC Press books, and membership services to sculptors, collectors, patrons, architects, developers, journalists, curators, historians, critics, educators, foundries, galleries, and museums-anyone with an interest in and commitment to the field of sculpture.
