**THE INTERNATIONAL SCULPTURE CENTER IS PROUD TO BRING THE WORK OF THE
2011 OUTSTANDING STUDENT ACHIEVEMENT IN CONTEMPORARY SCULPTURE
AWARD RECIPIENTS TO THE CHICAGO ARTS DISTRICT.**

(Hamilton, NJ) The Board of Directors of the International Sculpture Center (ISC), the world's leading international organization devoted to the creation and understanding of sculpture, is proud to bring the 2011 *Outstanding Student Achievement in Contemporary Sculpture Award* recipients to the Chicago Arts District. The travelling exhibition showcases award-winning, cutting edge emerging artists, displaying captivating examples of skill and concept that broaden the notion of sculpture. The exhibition will be located in the heart of the Chicago Arts District, at 1932 S. Halsted Street, open to the public for 2nd Friday's in August and September, and will coincide with our 23rd International Sculpture Conference October 4th-6th, 2012.

The ISC would like to thank the Chicago Arts District and Podmajersky who have generously donated the use of this gallery space to help the ISC bring this exhibit to Chicago, as well as our other sponsors Gertrud and Heinz Aeschlimann, Grounds For Sculpture, Johnson Art and Education Foundation, Doris and Donald Fisher, the Jon and Mary Shirley Foundation, and the New Jersey State Council on the Arts.

Each year, the ISC offers the *Outstanding Student Achievement in Contemporary Sculpture* award competition to its member colleges and universities. The award, established in 1994, was created to recognize young sculptors and encourage their continued commitment to the field of sculpture. Three years ago, the ISC began the Travelling Exhibition component of the program, and have since held exhibitions in Salt Lake City, Utah and San Antonio, Texas.

For further information and more details about the exhibition, please visit www.sculpture.org or contact alyssa@sculpture.org.

About the International Sculpture Center

The **International Sculpture Center** (ISC) is a member-supported, nonprofit organization founded in 1960 to champion the creation and understanding of sculpture and its unique, vital contribution to society. To fulfill this mission, the ISC provides extensive programs and services including publication of *Sculpture* magazine and *isc Press* books on sculpture; regular conferences, symposia and educational events; numerous award programs honoring sculptors, patrons and educators; and www.sculpture.org, the world's largest and most comprehensive visual arts website devoted to the field of sculpture. ISC members include sculptors, collectors, patrons, architects, developers, journalists, curators, historians, critics, educators, foundries, galleries, and museums—anyone with an interest in and commitment to the field of sculpture.
