

2018 International Sculpture Center

Lifetime Achievement Award

ALICE AYCOCK & BETYE SAAR

Join us on April 18th at NYC's Tribeca Rooftop for a special Gala as we present Alice Aycock and Betye Saar with coveted Lifetime Achievement Awards.

More than an awards event, the Lifetime Achievement Award Gala brings our community together to honor the significant achievements of two artists who have contributed so much to the field of sculpture, whose works have engaged, challenged, enlightened and touched millions. It is a night to network with peers and new friends to celebrate artists and the transformative power of the arts. *Sculpture* magazine, published by the International Sculpture Center (ISC), thanks our advertisers for their support and we look forward to working with you on custom integrated packages that will connect you with this special evening and our entire audience throughout 2018.
